**GUIDE
DOGS**

Let the fundraising begin!

Why we need your help

Since 1931, our iconic guide dog service has transformed the lives of thousands of people living with sight loss, allowing them to be independent.

We rely on donations to continue our life-changing work. Every pound raised makes a difference to people in the UK living with sight loss.

It costs £56,800 to support a guide dog from birth to retirement. That's why every penny you raise positively counts.

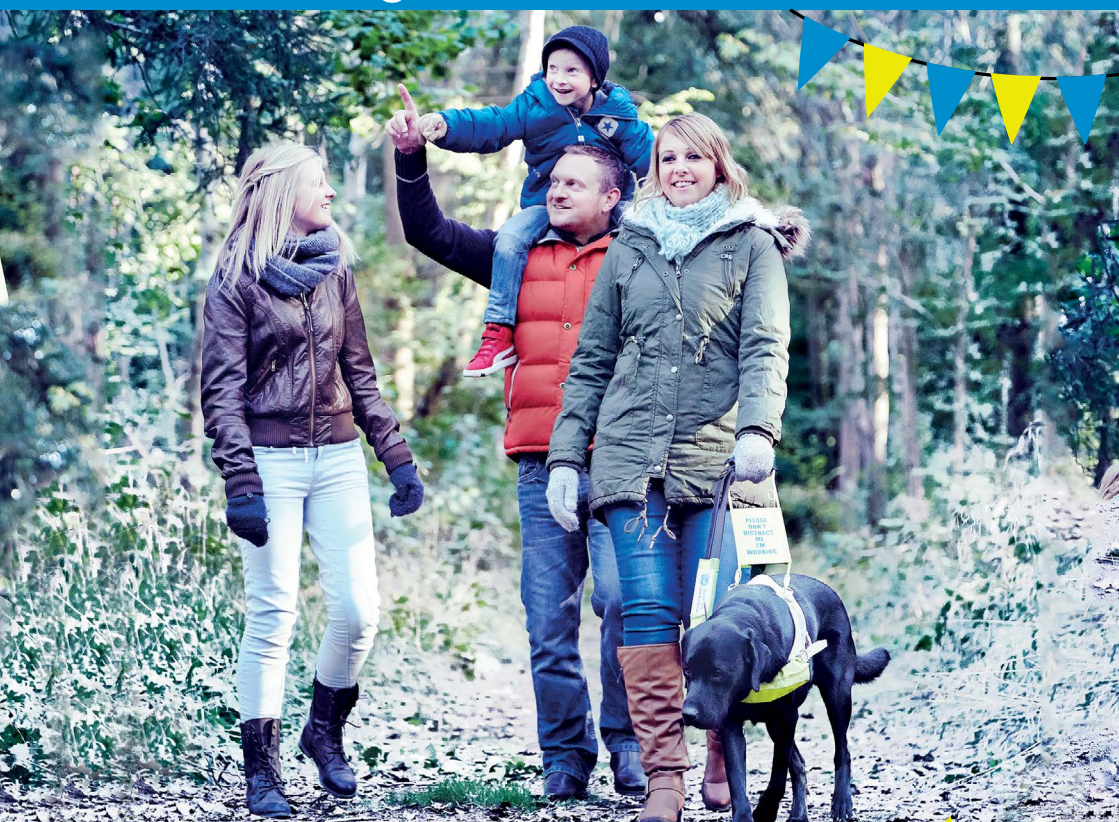

Our Vision

Almost two million people in the UK are living with sight loss that has a significant impact on their daily lives.

Of those, around 180,000 rarely leave their homes alone and lead lonely, isolated lives. Our aim is to help people with sight loss feel part of life.

Be a life changer

Meet Claire

My guide dog Minnie has made a difference not only to me but to my family, changing the dynamics, meaning my husband is working full time and I can take our daughter to school daily, as well as live my own independent life, she's my shoulder to cry on, she's my best friend, and she knows me better than anyone. Together we are capable of anything!

Thanks to your fundraising support, our charity can continue to change lives for people living with sight loss.

We've made a lifetime promise to provide every one of our guide dog owners with a guide dog for as long as they need one.
