Introducing Name a Puppy

Name a Puppy is your opportunity to give a guide dog puppy something truly unique: their name.

By fundraising or donating to Name a Puppy, you can become part of a puppy's life-changing journey.

Every pup named through Name a Puppy will help us to deliver our ambition – a future where **every person with sight loss has the confidence and support they need to live the life they choose.**

How does it work?

We have four different Name a Puppy levels for you to choose from.

You could name a puppy by yourself, with a group of friends as a celebration or in memory of a loved one. Maybe you want to name a puppy as part of a workplace challenge, or are inspired to choose us as your Charity of the Year? Sporting and social groups are all welcome – as are schools and youth groups!

Why Name a Puppy?

For our pups

A name is an incredibly special gift. A pup's name gives them an identity. It will be the single most important word that they'll learn, as it's a signal to them that says "the next message is for you".

For you

We're sure you'll eagerly anticipate the news of the puppy you've named and will enjoy following their progress with us. It's an incredible fundraising achievement to be proud of!

For someone living with sight loss

Our dogs, like Ray (right), are truly life-changing. They give hope, confidence, joy, independence, freedom and companionship – to list just a few of the words that have been used to describe what our wonderful dogs can provide!

With your support, we can help more people affected by sight loss live the life they choose.

Meet Ray

“

Everyone at BBC East Midlands is delighted that Ray has been chosen to be a guide dog dad. Knowing that Ray, who we named in memory of a much loved colleague, will be helping to create future life-changing puppies makes us incredibly proud.

Frequently asked questions

Q Can I choose any name for the puppy?

A Suggested names will ideally be two syllables (such as Bram-ble) to help when training, and they can't rhyme with any of our training commands. Please consider how our trainers and future owners may feel with any unusual or creative suggestions.

We ask where possible that you suggest both male and female names, or gender-neutral names, as we won't know if we will get male or female puppies until the pups are born!

If you're naming a puppy in memory of a loved one, we understand how important their name will be to you. Please be aware that if only one gender name is given, it will take us longer to gift your name to one of our pups.

Occasionally, a suggested name may be unsuitable. If that happens, we'll give you a call and ask you for some different suggestions.

Q Can I meet the puppy I've named?

A Our 'Raise' level includes the opportunity to digitally meet with the puppy. 'Train' and 'Transform' Name a Puppy levels have the option for you to meet the puppy in person, or virtually if you prefer. An 'in-person' visit may mean that you need to travel to meet with us and the pup in a suitable location.

Please note: In-person puppy visits can only be completed when the pup is ready (fully settled in their training and comfortable travelling) and the pup must be at least 17 weeks old.

Q Will the puppy I name become a guide dog?

A As a tiny young pup, it's extremely difficult to predict what their future may hold. We have four incredibly special roles for our new puppy recruits to aspire to: a guide dog, buddy dog or maybe even a guide dog mum or dad.

While our success rate is one of the highest in the world, for some of our four-legged family, guiding is simply not the career for them. We put the welfare and wellbeing of our dogs at the heart of everything we do – so, if a guiding role is not the right thing for the pup or dog, we'll find them the perfect home with a loving family.

Q Is my donation/fundraising used specifically for the puppy I name?

A Every guide dog puppy is completely unique – and that means the costs to us can vary. For example, some pups and dogs, who need a special diet, will have more expensive food bills. Some will need additional veterinary care or extra training support on their exciting journey with us.

This is why your donation to Guide Dogs through Name a Puppy won't be restricted specifically to the puppy you have named. But rest assured, your generous support will go where it's needed most – helping provide independence and freedom for people living with sight loss.

Thank you

“

I can't express how thankful I am not only to the staff at Sainsbury's who named Jasper, but to everyone who raises money towards Name a Puppy.

Thank you for setting these pups off on their journey to become life-changing guide dogs and companions for people like me.
